Dear Gov Cooper:

RU kidding me? We did not elect you to approve the ACP. We thought you'd have some common sense, some respect for the communities that the pipeline will harm, and some interest in slowing climate change.

Our state has been bought by Duke Power for too long. We thought you'd bring a change. Looks like you're just as bad as the guy we dumped.

So stop groveling.

Stand up for regular people. Withdraw your approval for the ACP. Now.
